EXPERIENCE

UX Designer — Digital Integrative Liberal Arts Center, Georgia Tech, Atlanta, JAN 2019 - MAY 2020

- Designed web exhibit to preserve the history of integration years in Coffee County, Georgia. Completed end-to-end UX design and coded a fully functional prototype using HTML/CSS/AngularJS.
- Delivered low and hi-fidelity prototype for Digital Library of Korean Culture. The solution improved content discovery, bounce rate and improved the SUS score by 50%.
- Designed the website for the lecture series on ethics and technological futures, organised by Georgia Tech and Emory University.

UX Design & Research — AI Chatbot for FOCUS Brand's Power BI, AUG 2018 – DEC 2018

- Designed a chatbot for Power BI used by FOCUS Brand's non-tech users. Conducted interviews, studied JIRA reports, conducted product analysis to understand the reasons behind the low adoption of Power BI.
- Designed the interaction flow, personality, and conversation for the chatbot. Presented the final design to 9 employees for user testing and achieved a SUS score of 0.90.

UI/UX Designer — Freelancer, India, FEB 2017 - JUN 2018

- Led the UX, UI & brand design for Excellion Technologies based in Gurgaon. Worked with Brainded India on digital storytelling projects for social impact and awareness about critical theory.

UX Consultant — PwC, India, APR 2015 - JAN 2017

- Conducted end-to-end user experience design for legal records management dashboard for a Swiss manufacturing client. The solution increased the traceability, minimized legal risks and is currently in use at 40 plants across India.
- Conducted user research to understand the procurement process, user needs & product-fitment for implementation of a paperless office. The research informed the design of mailroom dashboards, enhanced tracking and reduced FTE costs.

PROJECTS

UX Designer — WineAR App, JAN 2020– MAR 2020

- Designed an AR (augmented reality) app to improve the in-store wine buying experience for people with basic or no knowledge of wines. Conducted interviews, field study & physical prototyping for faster exploration of features and interactions.

UI/UX Designer — Handl App, AUG 2019 – DEC 2019

- Designed a solution for quicker contacts swapping in networking events. Created storyboards, wireframes, lo-fi and hi-fidelity prototypes. The app reduced the time taken to complete the task by 50%.
